# We're Going to Celebrate Halloween!

[www.kidsacademy.mobi](http://www.kidsacademy.mobi)

Hello everyone!

Do your kids like Halloween? Most likely your answer is YES! Halloween is a favorite holiday for kids because of collecting sweets and quality family time when trick-or-treating or playing “spooktacular” games! Halloween fun, games, and costumes develop children’s creativity, freedom for making decisions, and communication skills both with peers and grown-ups.

This week we’ve also been preparing for the holiday! We are excited to offer enrollment into the **Talented and Gifted** app at a **special Halloween discount** offer!

(Save \$13.46! Pay just \$6.53 monthly instead of \$19.99 for a monthly subscription.)

The Talented and Gifted app is an educational platform created for children aged 2-8 in close collaboration with experts in early childhood development and education. Our product is appealing and easy to grasp both for parents and children while retaining a good learn-and-play balance and offering top-class learning materials. You’ll find not only Halloween-themed activities but also more than 5,000 play-and-learn activities at your disposal. Included are on-screen and print-out worksheets, animated and teacher-guided videos, interactive quizzes and fun learning games. With Kids Academy, your child

follows grade-aligned curricula in Math, English Language Arts, Science, Social Studies and other subjects. The teacher-driven approach allows the app to correspond with both [New York State Next Generation Learning Standards](#) (Pre-K) or [Common Core State Standards](#) (Grades K–3).
